LA CHUTE RUNNERS

Winter, 2021

Review of 2020

It was the year of challenges, club challenges! What were they? Well, here are the spring challenges: Mt .Defiance Climb, Rolling Hills 5 miles, the Easter Break 5K on the track, and the Baseball to Beach 10K.

They were the early ones; here are the fall challenges: Going Loopy 5K, Going Loopy 10K, Baldwin Boulder, and the Falls to Falls 5K.

In January we have had two winter challenges so far: the Fort Ti Mile and the Virtual Freeze Your Gizzard Run '21. Many more are to come.

Do you have an idea for one? Let us know.

2021

We have submitted our club application for 2021 to RRCA. On that application we have entered our intention of having 5 races for the year. We have not set dates for those races, created PDFs, or described the exact nature of those races, if we have them at all. Checking other clubs, their calendars are likewise blank.

It is still quite early to make those decision. It depends on obvious factors.

As the season progresses and we see the possibility of holding races, we will host some Zoom meetings to discuss the advisability and the nature of the event.

Renewal

This year, we decided to use "conventional" mail initially as part of the renewal process. If you did not get a letter, one can download the Membership Renewal and Application here.

Website

We redid our website.
It has a new URL and the site can be found here!
