Montcalm Mile

Packet pick-up the day before went well. People brought their iPhones and produced the entry information.
Day of race modified registration went well and was small. Those that entered on race day were eligible for finisher medals, but not official times.
Progress has been made with early and online registration.
Race went well and was very much appreciated by all runners.
Next year's race is on a Tues.
We may go with a local Timing Service - will investigate possibilities; there are two: ARE and Underdog.
Runners wanted more age groups. The actual award is secondary compared to AG competition.
There was too much food. All was not consumed.
Big ad in paper was not worth it.

5 Nations 5K

Lots of work went into the race - mostly by Tim; Tim got plenty of support from local entities.
Not many runners - about 20.

Rogers Rangers Ramble Run

This race will be held Nov. 5th, at 10:30 at the Golf Course.
Minimal fee for members, more for non-members.
End of Year luncheon for club.

New Business

Jim will investigate possibility of on-line registration renewal - He will contact some groups and see about possibilities
Tim will set up a Club Challenge Run - a 5K in the Park.
Jim will investigate Business Cards to promote the club and racing.
