LA CHUTE RUNNERS

JULY 2024

Montcalm Mile

This year's Montcalm Mile was extremely successful, thanks to all those who helped out with the race. So much was done, both before and after the race! We have had multiple meetings, visions and revisions, and everything came together to give competitors and spectators a very pleasant day! Thanks again!

This year we were greeted by the smiling faces of very young runners. And, there were very many of them. They will be our next superstars. The day was warm, but that did not deter the efforts of our overall winners who ran excellent times.

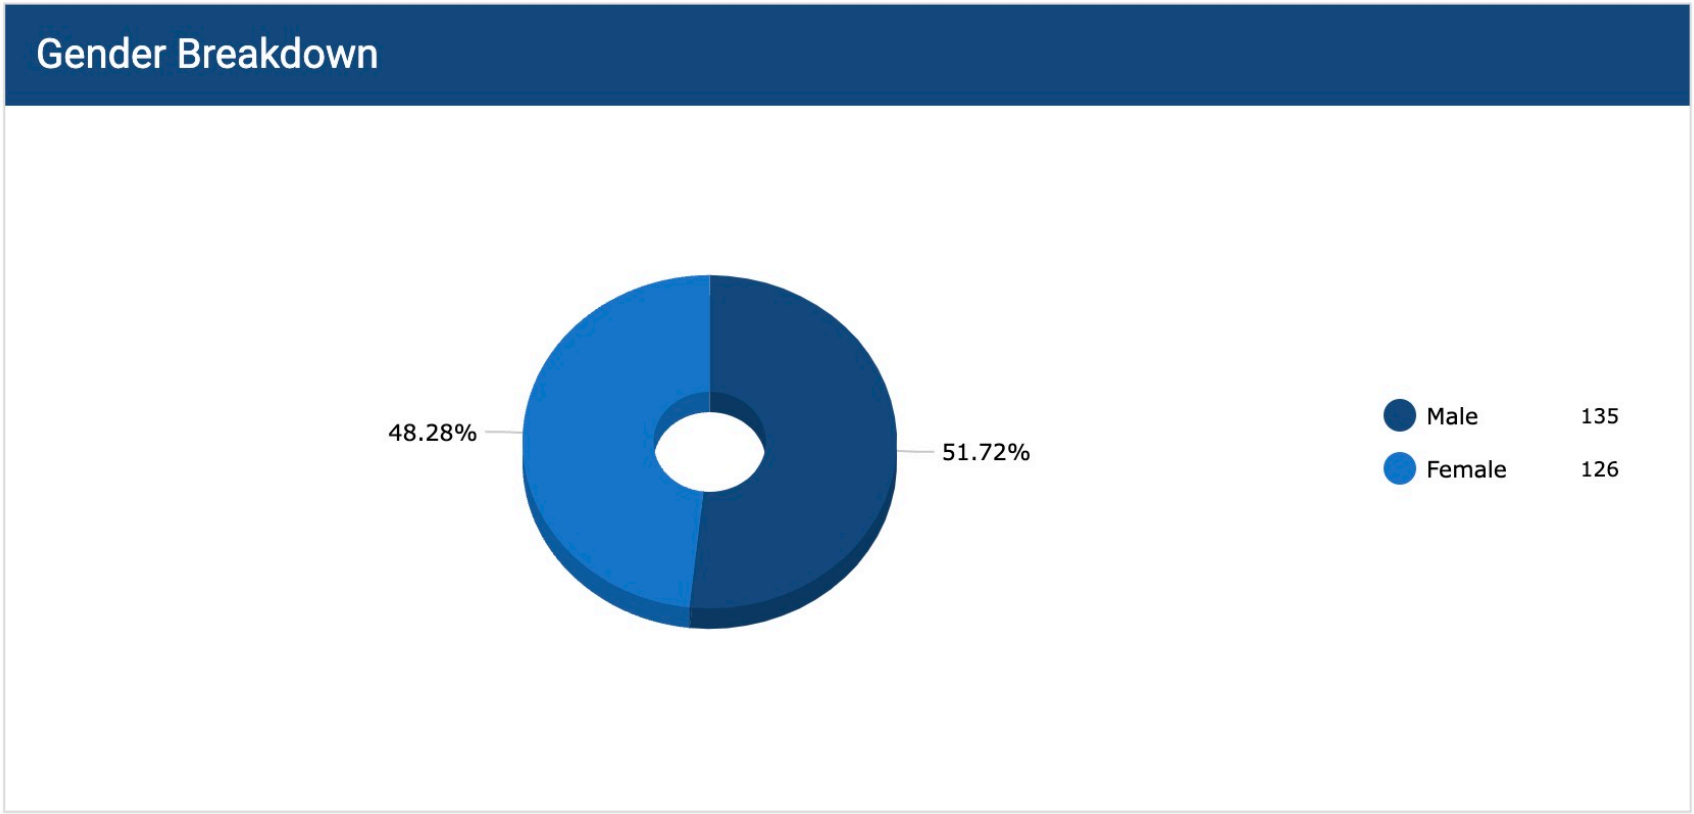

Congratulations to our race director, Tim Malaney! Tim worked on multiple aspects of the race starting with Race Wire, including the procurement of awards, contact with a myriad of entities instrumental in conducting the race (Sylvan, shirt provider, etc). At the race itself, he started at the start line, worked the finish, and after the race picked up some lonely traffic cones, and at the moment is finishing paper work, including many “thank you” letters.

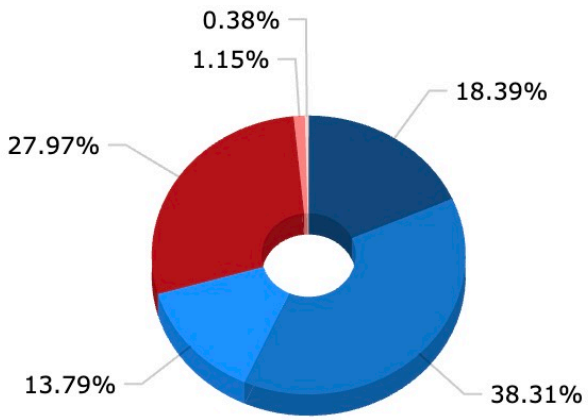

A job well done! Congratulations!

A few visuals have been downloaded. This one is, of course, of the gender breakdown, which is balanced. Congratulations to the runners!

Below is the breakdown according to race class. The largest class was the “Adult” class which started at the age of 20.

Entry Type Breakdown

2023 Race Registrants returning for 2024	48
Montcalm Mile Adult	100
Montcalm Mile Teen (13 -19)	36
Montcalm Mile Youth (12 and under) (no awards)	73
Montcalm Mile Child in Stroller (no awards)	3
Montcalm Mile Adult Stroller (no awards)	1

The biggest age group this year was the under 18 age group, as seen in the below graph that charts is generally in 10 year age groups.
